SECURITY

Prevent disruptions and protect student data

New cyberthreats to student and staff privacy and your learning applications emerge constantly, with an increasing number of network endpoints expanding your potential attack surface. It's crucial for your IT team to stay ahead of the risk. Find the help you need with our in-depth cybersecurity expertise and intuitive, flexible managed services. Spectrum Enterprise security solutions are monitored 24/7/365 and kept up to date for you. We provide redundant layers of protection to help keep attacks from interrupting your students' learning.

REMOTE WORKFORCE AND LEARNERS

Adopt technology that makes the world your classroom

Collaboration should happen naturally between students and teachers. We deliver communication and networking services that drive innovation in the classroom and provide reliable access to the tools that empower learning.

Spectrum Enterprise workforce solutions include a full suite of technology services that securely support your operations with a 100% uptime service-level agreement guarantee.* These solutions include voice and video calling, messaging, meetings and content sharing with our Unified Communications applications. Our solutions can also offer secure access to your network for remote working staff.

STUDENT AND STAFF EXPERIENCE

Exceed expectations with a trusted, national provider

Creating cohesive, consistent experiences across multiple platforms for your students and staff can be challenging. Spectrum Enterprise delivers compatible technology to manage this complexity, including high-performance connectivity with speeds up to 100 Gbps. Our flexible, scalable solutions seamlessly integrate internet and networking, voice, collaboration and TV services so your classrooms can easily adapt to new trends and opportunities.

BUSINESS CONTINUITY

Build a plan and strengthen your resilience

Natural disasters, fires or even a fiber cut from nearby construction can have a devastating impact on learning. Ensure your network is resilient and reliable to keep your data safe and your classrooms connected through the unexpected. Spectrum Enterprise business continuity solutions are designed to minimize disruptions with proactive backup services and a 100% uptime service-level agreement guarantee.* Our solutions have the flexibility to meet your needs as usage increases and are reinforced by local technicians, available 24/7/365 to identify, deliver and implement the support you need.

K-12 GROWTH

Meet tomorrow's education challenges

Embrace your school's advancement by adopting new technologies that enable your students, staff and network resources to maximize learning opportunities. Our flexible, collaborative approach can help you plan for the future with a single partner. Spectrum Enterprise tailors solutions to meet your goals, with the agility to adapt as conditions change. Starting with design and implementation, our certified experts will help you stay on top of emerging technologies and provide ongoing support.
