

Set Back Box TV for 1-19 outlets

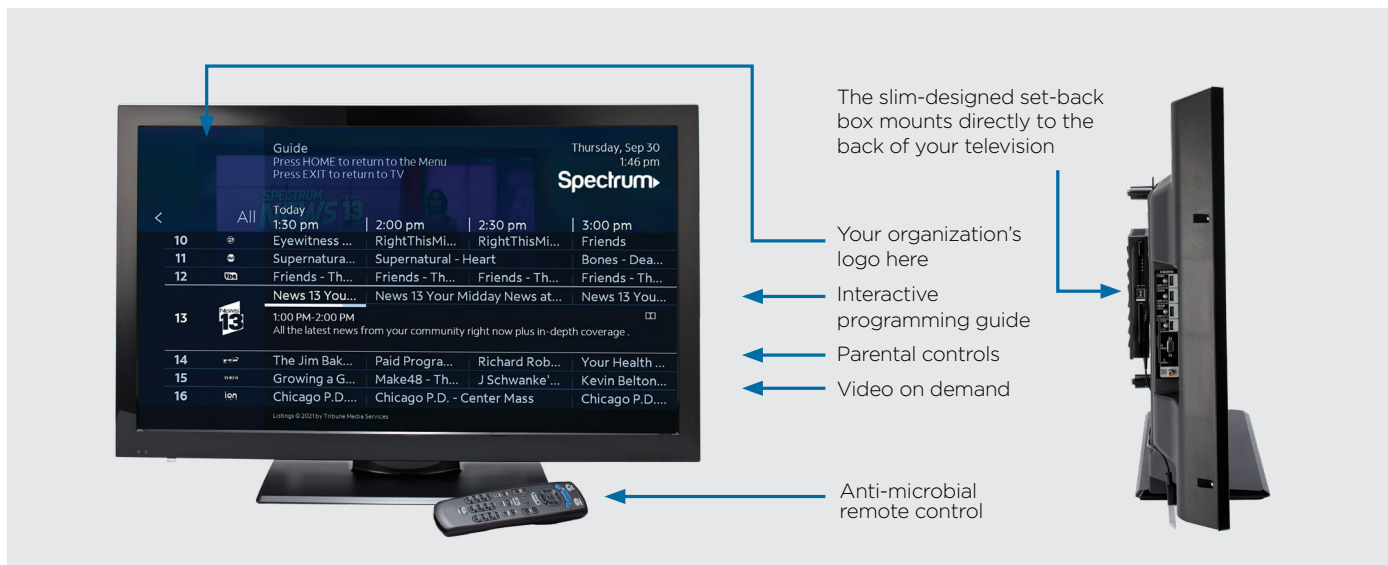

Set Back Box from Spectrum Enterprise delivers a highly reliable HDTV service with over 200 available channels servicing organizations that want to keep their customers, visitors and employees entertained and informed. Give viewers an enhanced experience that is customizable, cost effective and ideal for locations with less than 20 TVs.

Product highlights

- **Ensure reliable service:** Depend on video services that are delivered over the Spectrum Enterprise fiber-based network, complete with 24/7/365 network monitoring and technical support.
- **Increase programming options:** Offer a broad range of programming options with a wide variety of packages featuring news, sports, music, entertainment and international language channels to meet any viewing need. See our programming bundles and packages at enterprise.spectrum.com/channels.
- **Enhance viewer satisfaction:** Provide a user-friendly experience with an interactive program guide complete with the ability to pause, rewind and fast forward live TV and a large on-demand library with previous episodes, full series, hit movies and more.
- **Digital signage:** Easily create digital campaigns to communicate important information or promotions.
- **Reduce costs and save space:** No head-end equipment to power, cool and maintain.
- **Scale for business growth:** Enjoy the flexibility of adding channels and TVs as business needs grow.
- **Simplify equipment management:** Access the easy-to-use video services portal for visibility to the current status of each set-back box as well as management of HDTV services.

Add-on service

- **Share facility information:** Include your organization's logo within the channel guide and share site-specific content with optional channel insertion capabilities.
