Set Back Box TV
for healthcare

Set Back Box from Spectrum Enterprise delivers a highly reliable HDTV service with over 200 available channels featuring entertainment, news, sports and international programming to meet any entertainment need. Comfort patients with a homelike viewing experience that is customizable, scalable and cost-effective.
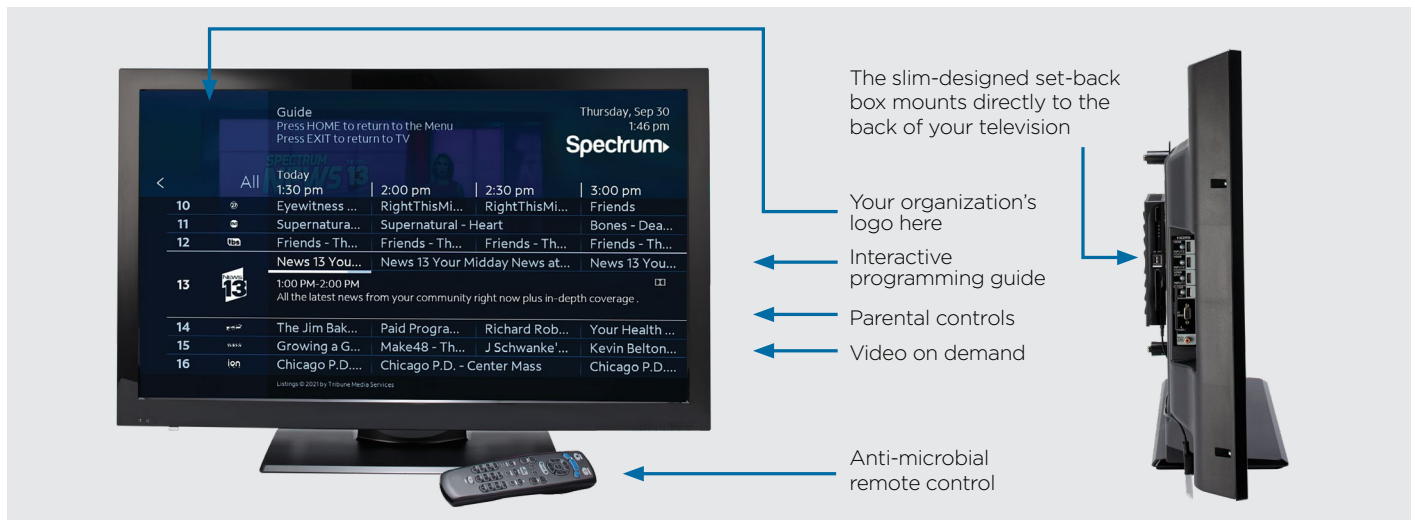

Product highlights

- **Ensure reliable service:** Depend on video services that are delivered over the Spectrum Enterprise fiber-based network, complete with 24/7/365 network monitoring and technical support.

- **Increase programming options:** Offer your patients a broad range of programming options with a wide variety of packages featuring news, sports, music, entertainment and international language channels to create an outstanding viewing experience. See our programming bundles and packages at enterprise.spectrum.com/channels.

- **Enhance patient satisfaction:** Provide a homelike experience with an interactive, user-friendly program guide, the ability to pause, rewind and fast forward live TV and a large on-demand library with previous episodes, full series, hit movies and more.

- **Digital signage:** Easily communicate important information and patient promotions.

- **Reduce costs and save space:** No head-end equipment to power, cool and maintain.

- **Scale for business growth:** Enjoy the flexibility of adding channels and TVs as business needs grow.

- **Simplify equipment management:** Access the easy-to-use video services portal for visibility to the current status of each set-back box as well as management of HDTV services.

Add-on services

- **TV Streaming Access:** Offer viewers live and on-demand video streaming content delivered to personal devices anywhere on your property.

- **Share facility information:** Include your organization's logo within the channel guide and share site-specific content with optional channel insertion capabilities.

The slim-designed set-back box mounts directly to the back of your television
