

Spectrum Mobile for Business®

Reliable connectivity, designed for growing teams

Spectrum Mobile for Business delivers simple, dependable wireless service built for the real-world needs of growing businesses. Designed to scale alongside operations, it combines reliable nationwide 5G coverage with secure connection to 48 million secure Spectrum Mobile WiFi access points — helping teams stay connected at the office, on the road and everywhere work happens. This hybrid network approach is engineered for consistency, not complexity, so businesses get trustworthy, premium network performance at an incredible value.

The first line is included with internet service and multi-line discounts are available with four or more lines. Spectrum Mobile for Business offers additional value through simplified vendor management and predictable costs. Pricing is transparent with no long-term commitment required.

Every Spectrum Mobile for Business line is supported by 100% US-based customer care, available 24/7. The result is a wireless and internet solution that reduces uncertainty and gives businesses the confidence they're choosing a secure, high-performance connectivity partner.
